(based on 20 participants in  
double / twin rooms, incl.  
hotel, program, meals)

## **Day 2 – Convertible Tour**

## Convertible Tour

During this tour, guests will feel the power and movement of the 4 Series BMW and other convertibles. The participants ride on country roads, mountain passes, along the motorway and make stops at the most beautiful places that the Tyrolean nature has to offer. This program certainly offers great emotions and adrenaline. Photo tasks and popular sightseeing places await the guests.

Two drivers form one group and choose their convertible companion. A roadbook contains a route, which the group has to follow and helps to stay on the right path. Along the way, there are scenic spots to stop at and on request, we can arrange teambuilding stops.

A restaurant along the way provides lunch for the participants.

**Afternoon – Wellness & SPA at the Hotel**

## Hut Evening at Interalpen-Alm

## Day 3 – Innsbruck

## Olympic Bobsleigh Run

At the Olympic Bobsleigh Run in Igls near Innsbruck the guests have the chance to drive through the ice channel with a bob and driver. In 1964 and 1976, the bobsleigh run was scene of the Winter Olympics.

Five guests and a pilot start from the Ladies' starting point in a bob that has been adapted especially for this function. During the rapid drive, the bob reaches peak speeds of up to 90 km/h.

At the end, the guests receive a certificate and on request we check their times and organize a competition.

## Lunch at the Bergisel

Facing the city of Innsbruck, the world-famous Bergisel ski jump offers a restaurant with fabulous views. The front is completely in glass and the equipment very modern. The special location, directly on top of the ski jump, as well as the excellent kitchen make this place a perfect location for a successful lunch event. The guests reach the stadium and drive up by an inclined elevator past the ski jump top up to the main ski jump centre. There is a lift that takes guests to the rooftop of the restaurant. The restaurant offers great wines in addition to international cuisine.

## Hike to the Hafelekar

The peak of the Hafelekar is the highest point of the Nordkette and it offers you a summit atmosphere without long climbs. To reach the Hafelekar, the participants have to take the cable car from Innsbruck city up to the top of Seegrube. From there, it takes about 15 min to reach the top of the Hafelekar. At the top, the peak offers a 360 ° view at 2,300 meters.

It is not uncommon for guests on the Nordkette to catch a glimpse of the otherwise shy wildlife and, above all, in terms of the view, the unique panorama of the city and the mountains leaves nothing to be desired.

## Gala Dinner at the Hotel

## eventfactory GmbH

The eventfactory is an event agency located in Tyrol, Austria in the heart of the Alps. We offer our services mainly in Austria and the whole Alpine area. Our goal is the perfect realization and support of all events.

In addition to our summer and winter programs we organize congresses, incentive journeys and evening receptions and we are at your disposal for all logistic areas around the perfect event (technical equipment, exhibition stand construction, catering, decoration, hospitality and invitation management).

Take a look at our [homepage](http://www.eventfactorygmbh.at) and you will find out more about our events!
